

4x18 Telephone Distribution Panel with Category 5e Voice and Data Board

APPLICATION

Leviton's 4x18 Telephone Distribution Panel combines a 4x18 Telephone Distribution Board and a Category 5e Voice and Data Board in a dedicated plastic bracket for multi-line system and expanded home networking. The Telephone Distribution Panel handles up to four telephone lines through 18 telephone connections, making it suitable for phone, fax or modem. Provides voice and data service to six remote locations via Category 5e Voice and Data Boards. Links with other distribution boards or modules to expand the system.
